

Our National Locations

BOUTIQUE SERVICE, NATIONAL LOCATIONS

LHS customers are able to access the best Health Professionals in the industry, nationwide. Our team are not only committed to best practice services, but are driven to achieve good results... on every case.

TRAVEL POLICY

Lifeworks have many service locations throughout Australia's states and territories. (See overleaf service locations). Whilst we endeavour to offer all of our services from each location, sometimes it isn't possible to access the caliber and experience in Consultants we pride ourselves in offering to our customers in rural/remote locations. In these circumstances, LHS will identify an appropriate Allied Health Professional closest to the service location requested and advise of any additional travel costs to the insurer. i.e. Flights, accommodation, travel to location, taxis etc. to provide the service at that location.

For more information please visit our website www.lhs.net.au or contact us on 1300 350 421
